

Add Additional Options

Select Yes to show additional layout options for this page. Items include Carousels, Flex Columns, Masonry Layouts, Timelines, Tabbed Content and more.

Yes

Which Options to Add

Select the option(s) you would like to add to this section. Keep in mind, some options are not available if the above "Show Section Sidebar" option is set to Yes. If you check the Carousel, Widget Row or Masonry boxes and no additional fields show, set "Show Section Sidebar" to No.

- Add Columns
- Add a Carousel or Full Width Slider (Only one per page) (Not Available if Show Section Sidebar is Yes)
- Add Widget Row Add a Timeline
- Add a Masonry Layout (Not Available if Show Section Sidebar is Yes)
- Add Tabbed Content (Only one per page) Add Horizontal Bar Graph Add an Accordion

Note: you can add all available options in one section, but it is usually better to have one layout per section. However, too many sections can be more difficult to manage.

Use a Tabbed Content Layout

Select Yes to use a tabbed content layout for this section.

Yes

Multiple Tabs Allowed

You can add as many tabs as you want. However, you should keep in mind that while the tab container is responsive, too many tabs could be an issue on smaller devices.

Set the max-width of the tab container accordingly to accommodate the number of tabs included.

Add Tab

Content After Layout

If desired, type in the content to be used after the current layout.
